CELEBRATING THE AMERICAN ACADEMY OF AUDIOLOGY'S 35TH ANNIVERSARY!

Starts with Healthcare Equity
Diving deep into our own conscious and
unconscious biases

Many create a separation of Equity when only flying to another country to do this work
The true change happens when we work on this in our own communities and profession

What does minimum wage have to do with it?

A recent study funded by NIMHD found that every \$1 increase in the minimum wage of US states could reduce the suicide rate in people with high school education or less by 6%
